

FOR WOMEN IN SCIENCE

L'ORÉAL

L'Oréal invites you to join us at the

FOR WOMEN IN SCIENCE LUNCHEON

for what promises to be an entertaining and informative session on the role of women in science, the opportunities, the challenges and the research. Winner of the L'Oréal-UNESCO For Women in Science Award 2006, Professor Jennifer Graves will be our guest speaker, together with presentations from three young Australian women on their scientific research.

Details of the L'Oréal Australia For Women in Science Fellowships will also be announced.

Thursday 19th April 2007
12.30pm – 1.45pm
Lumina Room
Grand Hyatt Melbourne

Hosted by Robyn Williams AM, Science Journalist and Broadcaster
Guest speaker: Professor Jennifer Graves, PhD, FAA
Director, ARC Centre for Kangaroo Genomics
Head, Comparative Genomics Research Group
Research School of Biological Sciences, Australian National University
